**PSC TO HOLD HEARING AUGUST 26 ON
FAIRMONT HOT SPRINGS' PROPOSED SEWER RATE INCREASE**

The state Public Service Commission will hold a public hearing Thursday, August 26, at Fairmont Hot Springs Resort concerning Fairmont Hot Springs' request to increase its rates for sewer service.

The hearing will be held at 10 a.m. at Fairmont Hot Springs Resort in Room 108.

In its request for a rate increase, which was filed with the PSC last December, Fairmont proposed a total revenue increase of approximately \$14,703, which Fairmont said would result in rate changes depending on customer category from a decrease of 38 percent to an increase of 125 percent.
